The Final Word in Accounts Receivable Solutions

LAZER™ REPORT PRICE LIST

LAZER™ SNAPSHOT REPORT

\$34.99 us

A quick, accurate tool to identify recent adverse filings, pending lawsuits, tax liens, judgments, UCC liens and bankruptcy filings. Also great for verifying claims of financial hardship, customers ability to pay or the need to take immediate action to protect your receivables. *Our information sources are updated every 24 hours.*

LAZER™ CREDIT REPORT

\$49.99 us

Provides a three-source business credit report (selected from the best credit bureau sources to assess your customer), conveniently combined into one easy-to-read document. *There is no single computer generated report that is updated daily and provides all of the needed information. LAZER™ CREDIT REPORT does!*

LAZER™ COMPREHENSIVE CREDIT REPORT

\$124.99 us

An extensive, expanded, and detailed credit report providing a "review & summary of findings" by a 'live,' expert, credit investigation specialist. This report identifies important **red flags** & fraudulent credit information, and offers recommendations and warnings only a trained professional can articulate. *The ideal report for digging deeper into a company's background to assess their credit risk and financial stability.*

LAZER™ ASSET & LIABILITY REPORT – XL REPORT

\$399.99 to \$699.99 us

Our comprehensive (XL) Asset & Liability Investigation provides detailed accurate information on companies, their officers and owners, past and present business affiliations, what they own and who they owe.

Point of Fact: A company owns real estate; **Question:** Is it an asset or simply owned by a mortgage company? Our XL report details the actual cash value (Equity) of the real estate.

Point of Fact: Many businesses are required to comply with stringent government regulations regarding world watch lists, Homeland Security and the Office of Foreign Affairs; **Question:** Who is your customer? Our XL report can detail criminal history, questionable company structures ('shell' corporations, LLCs, and more), helping you **KNOW YOUR CUSTOMER!**

We highly recommend this report for decisions involving large credit extension amounts, company acquisitions, lawsuit evaluation, vendor & supplier relationships, or in any situation where you need to be informed. This report is completely customizable to your specific needs!

WHY FITEC LAZER™ REPORTS?

The difference between our company and the status quo is that 'LIVE' professional credit experts research, investigate and compile the information in these reports. No computer can give you the **human intuition** our professional staff provides.

We know the **red flags** that you're looking for; we realize how daunting the mass data computer reports generate with little real value; we know how time consuming it is to try and glean the information you need.

We provide reports in plain language, customized for YOU individually.
