

Let us help you Promote Your Business!

✦ *Your Company listing on the INLA website- www.inlagrow.org*

Membership includes a free listing on the INLA web page with your business' name, telephone number and address; listings include all of your businesses classifications (i.e. retail, landscape contractor, grower, etc.) Do you have a website? There will be an automatic link from your business on the INLA website to your own website.

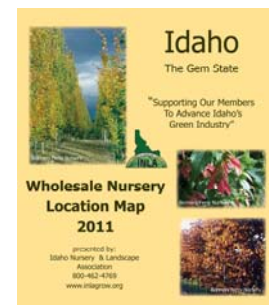

✦ *Your Company listing in the Plant Buyers Guide*

Selling plants wholesale? If so, as a member you will be listed in INLA's Plant Buyer's Guide at no charge. The list is dispersed at many trade shows in the west and distributed by mail or fax from the INLA office to potential buyers nationwide.

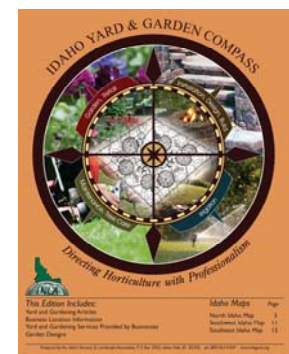

✦ *Your Wholesale Nursery Locator Map Company listing*

We have a map that we hand out at trade shows and mail to your potential customers showing the physical location to your business. Each member is listed with their address, phone, fax, email, website and directions to their establishment. Logos are included to identify your company.

✦ *Yard & Garden Compass Company listing*

All members' who have a retail, landscape installation and/or maintenance, arborist and tree care business are listed in this publication. This guide is full of useful gardening information for all your customers! The magazine includes garden designs; yard and gardening articles; and maps of the 3 INLA Chapters, making it easy for consumers to find your place of business. Also listed are the certifications held by employees, and any additional services offered.

This Edition Includes:	Idaho Maps	Page
Yard and Gardening Articles	North Idaho Map	8
Business Location Information	Southwest Idaho Map	11
Yard and Gardening Services Provided by Businesses	Southeast Idaho Map	13
Garden Design

Spectrum Net Designs

Today, the web is an integral part of the business world, but with an endless amount of possibilities, it's often confusing to know just what needs to be done and how to do it. With a combined 21 years experience, they will stroll you down the right path by creating a world class, cutting edge web base solution for your company - at a discounted cost for INLA members.

We promote professionalism with training & reference materials:

**** Color Catalogs***

The Silent Salesman; you select a 40 page trees & shrubs catalog or a 32 page perennials catalog to help your customers choose the right plants for the right place. And best of all, a place for you to stamp your business name, address, phone number and website on each catalog.

**** Certification Manuals***

Certified Nursery Professional — this large binder is not only the study manual for the CNP exam, but it is full of valuable information for nursery industry professionals. It is a wonderful reference guide for all employees.

Certified Plant Diagnostician — the book that is used to study for the CPD exam is the “Pests of Landscape Trees & Shrubs,” by Steve Dreistadt. This is a valuable integrated pest management reference book.

Landscape Industry Certified Training Manuals — in addition to the test book candidates receive when signing up to take the Technician exam there are three additional study material manuals. They include: Irrigation, Maintenance, and Installation.
